

Derrick Digest

SUMMER 2006

Derrick Receives Another Safety Award

One aspect of being a high quality construction firm is being a safe construction firm. Proof of our ability to deliver on this promise to our clients are the awards that we receive. Once again, Derrick

Companies has been honored with the prestigious ABC Safety Award of Merit, presented to us by Associ-

ated Builders and Contractors of Wisconsin at its annual winter conference. The award is given to companies that have a proven safety record based on lost workday cases and have shown that their total OSHA recordables are at least 10% better than the industry average for the previous year.

We are proud of our excellent safety program, one that keeps our employees safe while keeping our insurance costs low, resulting in more competitive pricing for our clients. Sounds like a win-win situation to us!

Planning A Project?

If you have questions relating to construction services or would like someone added to our mailing list, please contact Bill Derrick at 715-246-2320, or e-mail bill@derrickbuilt.com. While you're at it, check out our newly redesigned website at www.derrickbuilt.com. It is full of useful information about our company and the construction and real estate services we offer.

Derrick Receives Butler Sales Award

Derrick has been using Butler pre-engineered steel systems and roofs on many of our commercial and industrial buildings since 1996

Derrick was recently honored for reaching the \$5 million sales level with Butler Manufacturing, the world leader in the development and manufacture of metal building systems. Dustin Rassbach of Derrick Commercial Contracting accepted the award for us at Butler's national sales meeting this spring in Las Vegas. Presenting the award were Butler's Midwest Regional General Manager Dennis Hainley and Terry Blank, the company's Midwest Regional Sales Manager.

Derrick has been marketing and using Butler pre-engineered steel systems and roofs on many of our commercial and industrial buildings since 1996. We are proud of the quality and integrity Butler offers us and our customers and take great satisfaction in our relationship with Butler.

New Richmond

Retail Space Available

Derrick Develop has recently completed a second 12,000-square-foot retail building in the Richmond Heights commercial development on Highway 65, across from the Wal-Mart SuperCenter. Currently, more than 50% of the building is leased. If you'd like additional lease information about this building, please contact Derrick Companies at 715-246-2320. The accompanying photo shows the building in the final stages of construction before landscaping and final exterior painting.

What's Going On?

As we enter the summer, **Derrick Commercial Contracting** has a number of notable commercial and industrial projects currently underway:

- Bethel Highlands Church, Hudson, Wis.
- Fullerton Lumber Company, Ellsworth, Wis.
- Sherwin Williams Paint Store, Blaine, Minn.
- Ban Tara Retail Center, Hudson, Wis.
- St. Bridget's Church Addition, River Falls, Wis.
- Ellsworth Locker Plant, Ellsworth, Wis.
- St. Elizabeth Ann Seaton Church Addition, Hastings, Minn.
- R&J of Wisconsin (New banquet facility and convenience store), New Richmond, Wis.

Construction Begins At St. Bridget's

Derrick Commercial Contracting recently began construction of a 23,176-square-foot addition to St. Bridget's Catholic Church in River Falls, Wis. This three-level addition will include a new fellowship hall and kitchen, additional offices, new entry and future classroom space. The total construction budget for the project is \$3.2 million. A masonry and steel structure, it will feature a brick and architectural wall panel exterior. Completion is scheduled for the end of the year.

We are delighted to have been chosen as the church's building professional and look forward to working with the church's architect, Kodet Architectural Group, Minneapolis, Minn., to provide our client a building experience beyond expectations.
